*A life of quality*

Guaranteed for the life of your carpet

Luxury & Imperial Plus are the perfect complements for your new carpet, ensuring it remains reliable and luxurious for years to come.

Your entire family will have a peaceful and comfortable home to relax in when you choose a carpet underlay from a name you can trust. Dunlop Luxury & Imperial Plus have superior thickness and density that greatly improves carpet performance so you can enjoy a softer more comfortable feel throughout your house, regardless of the floor type, including heated slabs up to 40°C.

They will also reduce your heating bills and noise transfer thanks to outstanding thermal and sound insulating properties. These high quality Dunlop underlays will absorb sound, improving acoustics and lessening harsh noise due to unparalleled acoustic dampening properties providing a quieter and more comfortable home to live in.

You can rest assured knowing that Dunlop underlays are treated with an antimicrobial that improves indoor air quality and makes cleaning easier. Proven to protect your carpet against dust mites, destructive bacteria, moulds, and mildew that can trigger asthma attacks and allergies like hay fever and eczema.

All Dunlop underlays are proudly Australian made, 100% recyclable and guaranteed for the life of your carpet so you can be confident you've chosen a quality product!

**For the ultimate in style, comfort and design, choose Luxury or Imperial Plus.**

CARPET UNDERLAY

Technical Specifications

Classification	Luxury
Thickness	11mm
Roll Length	10.0m
Roll Width	1800mm

**Acoustic Performance**  
26 dB

The minimum requirement as set by the BCA is 62dB, (the lower the dB result for the flooring assembly, the better the acoustic performance). The AAC has given Imperial Plus a 6 Star rating, the highest rating achievable.

**Thermal Resistance**  
R 0.25

Thermal resistance is a measure of a material's ability to resist heat transfer. The higher the R-value, the better heat transfer resistance of that material.

## Why Dunlop Carpet Underlay?

### A Healthier Home.

Dunlop Carpet Underlay is accredited by the Carpet and Rug Institute's Green label program, a program that identifies products that are low VOC's which help promote superior indoor air quality.

### Choose Australian Made.

Dunlop Carpet Underlay is proudly Australian Made so you can take comfort knowing that you've chosen a quality product.

### Lightening our Footprint.

Dunlop Flooring is committed to reducing our impact on the environment by helping to reduce landfill. Dunlop Carpet Underlay is manufactured from 90% recycled materials and is 100% recyclable. In addition, we run our own recycling program, Recycle by Dunlop, encouraging retailers to return their used underlay to us.

### Breathe Easy.

Dunlop Fresh Living promotes healthier living and a healthier home for our customers. Luxury & Imperial Plus underlays are carefully treated with a proven antimicrobial, which protects against dust mites, damaging bacteria, mould and mildew – significant triggers for asthma, hay fever and eczema. It also prevents odours and provides hygienic freshness.
